EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William Francos on 1/28/09. Applicant agreed to incorporate the limitations of dependent claim 16 into independent claim 13 and to include the limitation of an acoustic window in claim 13. These changes are outlined below. This amendment was made in order to avoid a potential rejection by US 5,620,479, which discloses an ultrasound probe with an acoustic matching layer that surrounds piezoelectric tubular transducers. However, this reference does not read on claim 13 in view of the amendment below because there is no acoustic window or seam as claimed in the amendment below.

The application has been amended as follows:

In claim 1, line 6, replace "probe" with --housing--.

Please cancel claim 16.

Please amend claim 13 as follows:

13. An ultrasound probe, comprising:

a housing;

an acoustic window;

a sensor assembly arranged in said housing and including electrically conductive parts, said sensor assembly being arranged to transmit and receive waves; [and]

an acoustic matching layer wrapped around said electrically conductive parts to electrically isolate said electrically conductive parts from said housing, said acoustic matching layer being arranged to acoustically influence waves transmitted and received by said sensor assembly in a desired manner; and

a connection member connected to a rear end of said housing and defining a seam therebetween, said matching layer being arranged to extend across said seam between said connection member and said housing.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MICHAEL T. ROZANSKI whose telephone number is (571)272-1648. The examiner can normally be reached on Monday - Friday, 8-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Long Le can be reached on 571-272-0823. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
